

Congratulations, Dr. Bharam, the 2009 patient reviews have been totaled, and your patients selected you as one of America's On-Time Physicians.

Your patients have selected you for the On-Time Physician recognition for 2009. Every month more than 60,000 patients across the U.S. provide Vitals.com with online feedback and reviews about their personal experiences with their doctors. They rate various components such as bedside manner, doctor-patient face time, degree of follow-up, promptness, as well as overall opinions.

In 2009, your patients said you respected their time and were one of America's On-Time Physicians. They reported, on average, appointment wait times of less than 10 minutes compared to the national average of 21 minutes. Less than 3% of the nation's 720,000 practicing physicians have earned this recognition!
